Subject: Department of Environment and Natural Resources File Number 2013.242 –
Pertaining to a letter dated September 15, 2014.

Dear Mr. Ball:

The department recently reviewed DENR case file #2013.242. The file contains a letter dated September 15, 2014 which required the following:

- The development of a site remediation plan to address PCB and Lead contamination;
and
- Quarterly ground water monitoring to address petroleum contamination.

The case file contains neither reports nor other correspondence regarding the requirements of the September 15, 2014 letter (copy enclosed). Please direct your environmental consultant to promptly proceed with the necessary site activity and to provide this office with timely status reports. Should you have any questions concerning this letter please contact me at 605.773.3296.

Sincerely,

Kim McIntosh
Environmental Manager
