

**March 27, 2018**

**CALL TO ORDER**

Chairperson Bode called the regular meeting of the Davison County Board of Commissioners to order at 9:00 a.m. All members of the Board were present. Also present was Auditor Kiepke.

**PLEDGE**

The Pledge of Allegiance was led by Chairperson Bode.

**APPROVE MINUTES**

Motion by Kiner, second by Claggett to approve the minutes from the March 20, 2018 meeting. All members voted aye. Motion carried.

**MITCHELL TOWNSHIP DISCUSSION**

Diane Deslauriers appeared before the Board to ask why trees were being cut down on 256<sup>th</sup> Street, one mile south of Trail King on the south side of the road. She said she got no notice regarding the trees and owns property near the area. She stated that money could better spent on gravel for places such as Gale Road, where she lives.

Chairperson Bode told Ms. Deslauriers that the project was a Mitchell Township project, not a County project.

Highway Superintendent Weinberg reported that trees in the ditch hold a lot of snow. People have also dumped rocks, old furniture and other trash in the ditches. The project is aimed at cleaning out objects from the right-of-ways. Trees are just one of the items. Most of the trees being removed are volunteer trees that were not originally planted.

Weinberg further reported he didn't have knowledge of Mitchell Township graveling roads this year. However, he said they are having a public meeting this evening.

**MT. VERNON TOWNSHIP DISCUSSION**

Ron Baker, Chairman of Mt. Vernon Township, appeared before the Board to report there is a big problem with mud running on 255<sup>th</sup> Street between 399<sup>th</sup> and 401<sup>st</sup> Avenues. This destroys the road that should only be utilized to get in and out of fields. Mr. Baker stated there were barricades put up but they were vandalized and destroyed. Last Sunday, he witnessed two trucks being stuck in the mud. When law enforcement came, he identified himself and attempted to have a conversation with the deputy and Highway Superintendent Weinberg. He was told by the deputy twice to step away or he would be arrested. Mr. Baker in turn contacted the Towns and Townships attorney and was told the situation was handled inappropriately. The deputy should have let Mr. Baker give him the information he had.

Mt. Vernon Township Board member David Deinert said that nobody uses the road except those that need to get to their crops. He would like to see a gate put up with a locked chain, only accessible to those needing to get to their crops. However, one mile of the road is in Mt. Vernon Township and the other mile of road is in Beulah Township.

Deputy States Attorney Taylor stated there are county roads, township roads and state trunk highways. He further stated this is a public right-of-way, like it or not. The road could be temporarily closed for repairs as per an ordinance passed by the township. To permanently close the road, it would need to be vacated.

**SIGN UNION CONTRACT**

Motion by Weitala, second by Claggett to sign the Labor Union Agreement for Full-time Jailers Employed by Davison County and Represented by Teamsters Local Union No. 120 Affiliated with the International Brotherhood of Teamsters and Davison County effective January 1, 2018 through December 31, 2020. All members voted aye. Motion carried.

**AWARD WEED CHEMICAL BIDS**

Motion by Claggett, second by Kiner to accept all weed chemical bids, which includes the State bids, with the understanding that the least costly will be purchased first pending availability. All members voted aye. Motion carried.

Bidders:

CPS, Timberland Div \$43.90 \$42.90 \$42.90

## MANAGED DEVICES DISCUSSION

Ramon Shultz, Division Manager of Tech Solutions, discussed various options for iPads and phones utilized by County employees. He explained that with recent events within the County he felt the commissioners may want to look at Tech Solutions managing all County devices. He said there are pros and cons both ways. Currently, some eligible employees receive a stipend for using their own cell phones for County business and others have a

phone provided by the County. The same goes for iPads. The commissioners will take the proposal under consideration.

## **JAIL SECURITY SYSTEM UPDATE**

Corrections Administrator Radel reported that Phase 2 of the Inmate Video System in the jail is 97% complete. Almost all of the cameras have been installed as well as the monitors and master DVR. A new central desk is forthcoming.

Radel reported that on February 1, 2018, inmates were able to begin using the new Reliance Inmate Phone System. There are two telephones in each of the four inmate pods. Inmates may also rent an iPod to text family and friends, with the texts being recorded. Along with these features, there is a station installed in each visitation booth in the lobby. Each inmate pod has a unit mounted on the wall, so the inmate and visitor can conduct their visit via iPad. Eventually inmates will be able visit long distance via iPad.

The last item of review was the 24-7 Sobriety Program, managed by the SD Attorney General's office. The State of SD is now being charged a user fee for each employee utilizing the 24/7 Program so the jail no longer gives all employees access to the program.

## **APPROVE BILLS**

Motion by Weitala, second by Claggett to approve the following bills for payment. All members present voted aye. Motion carried.
