

11-6-19-HAZMAT-H&W Contracting was excavating a city water line in the area of 601 East Norway Ave. when the operator uncovered a barrel with the word "Poison" on the side. Mitchell Public Safety was contacted, who in turn contacted Emergency Management. The barrel appeared to be missing the top and was full of rock and soil. It was excavated and found to not have a bottom either. The barrel was taken to the Mitchell Landfill for disposal. The Duty Officer was notified, but no report was made as there were no Hazardous Materials found.
