7. That Ryan & Robert Henglefeldt have appealed to the Davison County Planning Commission to recommend a variance in minimum front yard setback of +/- 25' for an addition onto an existing pole shed resulting in a setback of +/- 50' from the right of way where the minimum is 75', north side yard setback on an existing residence of +/-25' resulting in a setback of +/-25' where the minimum is 50', and north side yard setback for an existing shed of +/-40' resulting in a setback of +/- 10' where the minimum is 50' all in the Agricultural District.
 - This request is in pursuant to Section 308 of the Davison County Zoning Ordinance as adopted on 4/1/98 and as subsequently amended. The property is legally described as Lot 1 in the SW 1/4 of Section 25, T 101N, R 60 W of the 5th P.M., Davison County, South Dakota.
 - Deputy administrator Jenniges explained the application, required notifications, and the GIS view. Notices were sent out to the neighbors and published in the paper with no responses.
 - The applicant was present to answer questions. Discussion included the applicant would like to build onto an existing shed that is currently non-conforming. The shed addition does not encroach on the site triangle to the south so there is no safety concern there. The variances for the other two buildings are to bring them into conformance with the zoning ordinance, there is no work being done to those. Lot 1 was platted in the 1970's before zoning and the structures were also built before the zoning ordinance went into effect.
