DISASTER MITIGATION PLAN UPDATE

The Davison County Disaster Mitigation Planning Team has just completed updating the County's disaster mitigation plan. The plan includes a profile and risk assessment of the various natural hazards that affect the county, such as blizzards, tornadoes, flooding, and droughts; and it presents a disaster mitigation strategy designed to lessen the impacts of the hazards.

The plan is available for public review at the Davison County Emergency Management Office and on the Davison County website (<http://www.davisoncounty.org/departments/emergency-management>.)

Comments and suggestions regarding the plan can be sent to the Davison County Emergency Management Office at markj@davisoncounty.org or by calling (605) 995-8640. It is expected that the plan will be submitted to the South Dakota Office of Emergency Management approximately one month from now.

Dated this 2nd day of June 2021.

Mark Jenniges
Acting Director of Emergency Management
