DISPOSAL SITE: (Name of Facility) Miedema Sanitation rolloff hauled to Mitchell Sanitary Landfill

IF "LAND-APPLIED" **!!REQUIRES APPROVAL!!** : (Property Owner, address, telephone; Survey Location; Latitude/Longitude; Nearest Water Body; Distance to Nearest Water Body; Number of Acres)

41176 256th Street
Mitchell, SD 57301

NARRATIVE OF OTHER ACTIONS TAKEN AND ADDITIONAL WORK PLANNED:

The spill was contained to the immediate area by soaking it up with DDGs before it could reach any storm water drains/conveyances. The syrup/DDG combo was scooped up and taken to Wet Cake Pad 2 (concrete pad) for de-watering. The syrup was unable to be reused in the process because of possible asphalt/rock debris in what was scooped up. After de-watering, the syrup/DDG was put into the dumpster and taken to Mitchell Sanitary Landfill on 6/4/2021.

ATTACH ANALYTICAL RESULTS AND DISPOSAL RECEIPTS, IF REQUIRED
