**Subject:** Gun Range on Kelley Property

I am writing this email to voice my opinion of the proposed Gun Range on the Kelley Property. I live on Maui Drive and I can hear the Trap Range at the 4H Grounds when they are shooting shotguns. The proposed Gun Range on the Kelley Property is about 1 mile from my residence (as the crow flies) and the noise from rifles and hand guns will make our neighborhood unbearable and less desirable for living. We currently live in a very quiet neighborhood and this proposed gun range is not going to help resale values of any of the properties in our area - neighborhood. Therefore, I am totally against the Gun Range on the Kelly Land or proximity.

Please consider this email as my request AGAINST and to stop this project and let us continue to enjoy the peacefulness of our community on the north west end of Lake Mitchell.

Regards,  
Jerry Grabenstein
